

## Your One-Stop Marketing Store

Volly Marketing Portal is a Software-as-a-Service-based marketing store for both digital and print collateral fulfillment. Empower your company with high-impact, customized messaging supported by a creative services department that is second to none. Attract and delight customers with marketing materials that will amplify your message and drive brand loyalty.

### Features:

- ✓ Fully integrates with Volly CRM and other marketing CRMs (including Salesforce®) as well as various pricing engines.
- ✓ Create custom open house flyers, rate sheets, product flyers, brochures and more.
- ✓ Ongoing content, product and template development included.
- ✓ Products available as PDF downloads or as deliverable print orders.
- ✓ Split billing option for co-branded products.

### Creative Services

An in-house team of expert writers and designers supplement your marketing store with best-in-industry white glove service.

### Complete Customization & Compliance

Marketing materials are customized for every client (including content and images) with automated workflows to support legal and compliance approval timelines. Meeting the demands of ever-changing regulatory conditions has never been easier.

### Integrated Fulfillment

Volly Marketing Portal is powered by world-class digital print and fulfillment. Inventory management features allow for additional collateral, such as stationary and promotional items, eliminating the need for multiple procurement sites.
